In addition to the list of documents, every part will contain a subject-index and introductory notes giving information on the organization of the bodies concerned. It also notes the unpublished records of the meetings and sound recordings deposited in the Archives of the United Nations and the press releases concerning the meetings.

Part 6A of the Check List of United Nations Documents comprises the documents of the Economic and Employment Commission, one of the Functional Commissions of the Economic and Social Council. The present number lists all documents issued during the period 1946 to 1949. Documents issued after the beginning of 1950 are listed in the current issues of the monthly United Nations Document Index.

The user of this volume will find it more helpful if he first reads carefully the explanations to the Check List and the Subject-Index.

The Library of the United Nations gratefully acknowledges the assistance of the Carnegie Foundations for International Peace and the Rockefeller Foundation in the preparation of this Check List.

EXPLANATION

ENTRY NUMBER. Documents are referred to by entry numbers in the index to this Check List. Entry numbers do not appear on the documents and should not be used in citations.

LANGUAGE OF ISSUE. The language editions in which a document is issued are indicated as English (E), French (F), Russian (R), Spanish (S), Chinese (C), or bilingual English-French (E&F) texts.

DOCUMENT SYMBOL AND SHORT TITLE. The official document symbol number precedes the title entry. This symbol should be used in citing documents. In the case of publications without document symbol numbers, titles should be cited together with the session number, issue number, supplement number, and column number, whichever is included in the entry. Title entries have been standardized and shortened or expanded in order to clarify the meaning of the titles and the authorship of the documents, so the entries do not always conform literally to the actual documentary titles. The collation shows the pagination of the English or bilingual English-French text only. The date appearing on each document below the document symbol number is usually the date of registration of the documentary text with the Bureau of Documents for publication and translation and should be the same in all language texts. The date of registration closes each entry. Corrigenda and revisions usually are grouped with the parent document in the same entry. Corrigenda are corrections of errors in the text, title, date and classification of documents, emendations of the translation, and additions of omitted text. Addenda include supplementary material, such as annexes,

tables, and other additional communications. Revisions are texts revised through formal amendment, or new editions prepared by the submitting delegation or by the Secretariat.

REPUBLICATION NOTES indicate the republication of whole documents in other documents or in the Official Records. In the case of resolutions only their republication in collected sets is indicated, in the case of draft resolutions no attempt is made to note the inclusion of their texts in the verbatim records of meetings.

RESTRICTED SERIES. Documents of "restricted distribution" are indicated in this Check List by a black dot (●) before the symbol.

INTRODUCTORY NOTES give a short parliamentary history of the Commission and describe briefly each Committee session by session, including the date of its appointment, citing its terms of reference, naming its members and officers, listing its reports and document series symbol (if any), and tabulating its meeting records. The plenary meetings are shown in tables for each session. The tables indicate both published and unpublished meeting records and related press releases. Since drafts for the published meeting records should be deposited as a matter of course in the Archives of the United Nations, the tables under the heading "Archives" show only the unpublished manuscript records deposited in the Archives ("TPV"; "TSR") and the sound recordings ("X").

Establishment and Composition

The Economic and Employment Commission, one of the functional commissions of the Economic and Social Council, was established as a permanent Commission by the Economic and Social Council Resolution 2/5, adopted on 21 June 1946. Terms of reference: In the resolution. (See document E/CN.1/2, entry 151). The Commission consists of one representative from each of fifteen States, Members of the United Nations, selected by the Council. The Council may, in addition, appoint in their individual capacity, from ten to fifteen corresponding members from countries not represented on the Commission. Except for the initial period, the term of office shall be for three years. For the initial period, one-third of the members were elected to serve for two years, one-third for three years and one-third for four years, the term of each member being determined by lot. Retiring members are eligible for re-election. Accordingly, the Council at its 46th plenary meeting on 2 October 1946, elected the fifteen nominating States. The terms of office were determined by lot at the 47th plenary meeting on 3 October 1946, as follows: to serve for two years: Belgium, Brazil, France, Poland, the United Kingdom; to serve for three years: Canada, China, Czechoslovakia, India, Norway; for four years: Australia, the Byelorussian Soviet Socialist Republic, Cuba, the Union of Soviet Socialist Republics, the United States of America. In order to secure a balanced expert representation in the various fields covered by the Commission, the Secretary-General was instructed to consult with the Governments so selected before the representatives were finally nominated by these governments and confirmed by the Council. Accordingly, at an ad hoc meeting on 10 December 1946, the Council confirmed the fourteen nominations submitted by the Secretary-General (document E/252). The Council decided at this meeting with regard to States from which nominations had not been received that members nominated might serve provisionally pending confirmation by the Council at its next session. The member nominated by Poland was therefore confirmed by the Council sitting as a Committee of the Whole on 26 March 1947, as were replacements of the representatives of Canada and India. (See document E/378/Rev.1). A replacement of the representative of Cuba was confirmed at the 225th plenary meeting (document E/987) on 28 August 1948.

At its 202nd and 203rd meetings on 17 and 19 August 1948, the Council filled the vacancies caused by the expiration of the terms of office of the first-third of the membership initially appointed for two years, by re-electing France, Poland, the United Kingdom, Belgium and Brazil. The representatives so re-nominated by the elected States, together with a replacement for Cuba, were confirmed by the Council at its 225th meeting on 29 August 1948 (See document E/1308).

At its 315th meeting on 1 August 1949, the Council replaced the second third of the representatives whose term of office was to expire by the end of 1949. China, India, Canada, Czechoslovakia and Norway were re-elected (See document E/1508).

Explanation

Documents are indexed by the entry numbers in the Check List.

Discussions are indexed by the entry numbers of the tables of the meeting records and, following the colon (:), by meeting numbers.

Resolutions passed during each session are collected in the sessional reports. The index refers to both individually issued and collected resolutions. The entries of this Check List, devoted to these reports, list the resolutions of each session by subjects.

Thus, the following entry in the Subject Index:

Employment and economic stability 16; discussion 7:4;
193:29,30,32,35-40; RESOLUTIONS 229,316

is to be interpreted: Employment and economic stability is treated in document E/EMP/2, entry 16. The meetings in which the subject was discussed will be found in the table of meetings for the Nuclear Economic and Employment Commission in entry 7 on page 2 where the 4th meeting is shown to have taken place on 3 May 1946 and in the table of meetings for the second session of the Economic and Employment Commission in entry 193 on page 36 where the 29th, 30th, 32nd, and 35th to 40th meetings are shown to have taken place on the 9th, 10th, 11th, 13th, 16th and 17th of June 1947 respectively. Resolutions in this subject were adopted by the second and fourth sessions of the Commission and incorporated in the reports of these sessions, documents E/445 and E/1356, entries 229 and 316.

Introductory notes are also indexed by entry numbers.
